FINISHED ART

2. Your Completed Digital Painting!

FOLLOW-ALONG PICTURE STEPS

STEP 1 Use: **Paint Bucket (G) + Circle Tool (U)**

Color the Sky & Add a Sun

- Open **File > New** and click **Create**.
- Pick the **Paint Bucket (G)**, choose **sky blue**, and click the page.
- Pick the **Circle Tool (U)**, choose **yellow**, and draw a sun in the corner.

STEP 2 Use: **Rectangle Tool (U)**

Build the Street & City Buildings

- Pick the **Rectangle Tool (U)** and choose **dark gray**.
- Drag one long rectangle across the bottom for the road.
- Draw small **yellow** dashes down the middle of the road.
- Draw 3 tall colorful rectangles behind the road for city buildings.

STEP 3 Use: **Rectangle (U) + Circle Tool (U)**

Stack Shapes to Build Your Car

- Pick a bright color (like **red**) with the **Rectangle Tool (U)**.
- Draw one big rectangle on the road, and a smaller box on top for the roof.
- Switch to the **Circle Tool (U)** and draw two **black** wheels + gray hubcaps.

STEP 4 Use: **Paint Brush (B)**

Paint Windows, Clouds & Headlights

- Click the **Paint Brush (B)** (use `[` and `]` to change size).
- Paint **light blue** windows on the car and a **yellow** headlight beam.
- Dab fluffy **white** clouds in the sky and gray smoke puffs behind the car!

🔄 Made a Mistake? Magic Undo!

Made an oops? Press `Ctrl + Z` (Windows) or `Cmd + Z` (Mac) to go back one step!

Want to slide a shape? Click the **Move Tool (`V`)** and drag it!

⭐ Fast Finisher Fun Challenges

- Turn the sky dark purple and paint yellow stars for a night drive!
- Draw a happy smiley-face driver inside the car window.
- Add racing stripes or flames onto the side of your car.
